

GREENWOOD-WASKOM FIELD

07-18 and 07-19

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, JANUARY 9, 2007**, upon the application of **MONRANSO ENERGY CORPORATION**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Travis Peak Zone and the Rodessa Hill Zone**, in the Greenwood-Waskom Field, Caddo Parish, Louisiana.

1. To redefine the Travis Peak Zone, INsofar AND ONLY INsofar AS TO TP SU89, as being that gas and condensate bearing interval encountered between the depths of 5,987 feet and 6,360 feet (electric log measurements) in the D-S-B Properties, Inc.-Querbes No. 6 Well, located in Section 19, Township 16 North, Range 16 West.
2. To permit the Applicant to drill, designate and utilize an additional alternate unit well, at an exceptional location, for the production of gas and condensate from the Travis Peak Zone in the unit designated TP SU89.
3. To find that the expanded definition is in the interest of conservation and will assist in the efficient and economical production of hydrocarbons from the Travis Peak Zone in the TP SU89 and that an additional alternate unit well is necessary on the TP SU89 to drain a portion of the Travis Peak Zone that cannot be drained by any other well located therein.
4. To permit the applicant to drill, designate and utilize an additional alternate unit well, at an exceptional location, for the production of gas and condensate from the Rodessa-Hill Zone in the unit designated ROD-HILL SU69, such unit and well shown on the plat submitted with the application.
5. To find that an additional alternate unit well is necessary on the ROD-HILL SU69 to drain a portion of the Rodessa Hill Zone that cannot be drained by any other well located therein.
6. To permit the applicant to produce the assigned unit allowable for the TP SU89 and the ROD-HILL SU69 from the unit well, the alternate unit wells or from a combination of all wells at its discretion.
7. To consider such other matters as may be pertinent.

The Travis Peak Zone was defined in Office of Conservation Order No. 125-A, effective August 1, 1947, but shall be redefined as set forth herein above, INsofar AND ONLY INsofar AS TO TP SU89.

The Rodessa Hill Zone was defined in Office of Conservation Order No. 125-A-10, effective April 11, 1951 and was amended by the 270-1 Series of Office of Conservation Orders.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
